Dear Minister Sajjan,

Re: Possible disposal of DND property at Mary Hill, Metchosin, BC

It is rumoured locally that federal agents have met with representatives of the District of Metchosin to discuss the possible release of some or all of the DND lands known as the Mary Hill Training Area (see attached map) as they may be surplus to DND requirements.

The Association for the Protection of Rural Metchosin (APRM) concerns itself with land use within the municipality and would appreciate being advised whether DND is indeed considering disposal of all or some of the lands identified as the Mary Hill Training Area, and, if so, what would be the process followed by DND and the federal government in disposing of the lands.

Yours sincerely,

Ken Farquharson, President APRM (ken.farquharson@shaw.ca)
