

Metchosin – why this scene?!

What's at stake when bylaw enforcement in Metchosin is ineffective? We lose trees. We become the dumping ground for someone else's rubble and waste. We see risks to our aquifers and wetlands. We're plagued by noise. We watch bylaw enforcement costs rise and revenue from permits and fines drop.

The District of Metchosin has recently taken a step toward addressing residents' concerns by completing an internal review of its bylaw enforcement processes. This is one step of many needed.

The Association for the Protection of Rural Metchosin calls on the District to keep going. Let's strengthen how we enforce our current bylaws. Let's improve the bylaws that protect our rural community.

Please let your Council know you care and are seeking improvement.
